

Study

In the senior years you should be doing regular study across the week to consolidate what you've learnt in class. Study strategies students you could use

- x Self-directed completion of practice exam-style questions.
- x Writing class notes or summary notes.
- x Acting on teacher feedback

Commonly asked questions

- x Homework will be posted by your teachers on Teams.

- x What if I need help?

Contact your teacher if you have any questions or need assistance with any homework tasks. You can email them or contact them over teams.

- x How long should a homework task take?

Home learning shouldn't be taking up hours of your night. It is best to complete a little bit each night across the week. You should still have plenty of time to do extracurricular activities like sport, having a casual job and spending time with your friends. As you move into senior school, the hours expected to do homework and study will increase.

- x How much time do I have to complete a task?
